

Quality Assurance Technician
Moons Hill Quarry
Competitive Salary + Benefits
40 hours per week

Want a rewarding career? We've got it covered.

We are looking to recruit a proactive, driven individual for the position of Quality Assurance Technician. Based at Moons Hill Quarry, the successful candidate will support the technical and management team with technical and quality issues on all product streams.

Due to internal promotions and the company's progressive objectives to provide more environmentally sustainable products, we are currently looking to recruit a Quality Assurance Technician for laboratory testing of bituminous products and quarry products.

Your primary responsibilities will include maintaining and improving operating compliance levels, safely obtaining samples, then preparing and testing them, followed by recording and reporting on test results. The adjustment and monitoring of control systems along with identification and implementation of design, innovation and recycling opportunities will also form part of the role.

You will be a hardworking and reliable individual with a keen interest in our industry. A proven knowledge of material requirements (Level 4 and above) would be an advantage but is not essential. You will have good computer literacy and an ability to work with numbers as you will be using data to continuously improve our products.

You will be a team player with an ability to liaise and work with colleagues in your own department and other areas of the business. Good customer service skills are essential as you will represent Wainwright when dealing with any customer technical or quality issues.

Experience within an asphalt/aggregates environment is highly desirable. There will be a requirement to drive around site to collect samples therefore a full driving licence is essential.

To apply, please send a CV and covering letter to pc@wainwright.co.uk. Closing date for applications: Friday 19th April 2024

Wainwright and Co Ltd is a Disability Confident Employer and as such we are committed to recruiting and retaining people with disabilities. Please contact the HR department on 01749 840274 if you would like to discuss any reasonable adjustments that can be made to make the recruitment process accessible to you.
